

BULL MOOSE CONVENTION, LARGELY KAKAOKO RECRUITS, SHOWS FAITH

J. P. Mendiola Gets Out Big Attendance of Hastily-Enrolled Progressives and Harmony and Hope for Future Rule the Meeting

With some 60 impromptu Progressives recruited from Kakaoko by John P. Mendiola one night last week, the Bull Moose party of Hawaii held its territorial convention at the Skating Rink, Upper Fort street, on Saturday night. The convention elected Ex-Governor George R. Carter as its delegate to the Progressive convention in Chicago next month, with George P. Thielen as alternate, and A. L. C. Atkinson was selected national committeeman.

Eighty-four delegates were present and 40 were represented by proxy. The large number who attended was a pleasant surprise to the two or three Bull Moose "war horses" of 1912 who still are active in Progressive affairs.

The delegates were not regularly elected, but were accepted without reservation just the same. Last Tuesday night John P. Mendiola, well-known in all political circles of Honolulu, held a recruiting meeting in Kakaoko, after talking the situation over with A. L. C. Atkinson. He urged all his hearers to come to the convention and be delegates, and said that he counted on the "boys of Kakaoko" to come through in 60 strong. They did it. Meanwhile Mendiola, meeting a number of Hawaii, Kauai and Maui men visiting in Honolulu, enlisted them as Bull Moose delegates also. So it was that there were 84 present Saturday night, who professed allegiance to the 1916 Bull Moose principles.

Mendiola has explained that being Bull Moose in 1916 means being a Progressive Republican, and that those who thought Roosevelt would make a better President than Wilson ought to join the local Progressive party. With this wide latitude of "confession of faith" he had no difficulty in getting impromptu delegates into the hall on Saturday night.

William F. Hutchinson called the meeting to order as temporary chairman and Mendiola was made secretary, sergeant-at-arms and interpreter. He was also elected chairman of the credentials committee, and there wasn't the slightest difficulty then in getting all of his hastily enrolled recruits, including the boys from Kakaoko, placed on the regular list as delegates.

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

HONOLULU'S FIRST BABY WEEK BIG SUCCESS; HUNDREDS LEARN FACTS

Nearly 5000 People Saw Instructive Exhibits; Many Babies Examined

"If every Baby Week in the future is as successful as the first one just passed we will be satisfied," said Mrs. James A. Rath, chairman of the publicity committee, today.

There was a net attendance of 4500; nearly 350 babies were tested; some few afflictions were discovered. On Saturday alone 107 babies passed through.

"It was truly a 'howling' success," declared Mrs. Rath, who was untiring in her efforts the whole week, "and we're glad to have a breathing spell."

So popular was the Baby Week idea in Honolulu that \$125 has already been subscribed for a permanent welfare station. A spoon was given on Saturday to Mrs. William Gertz, for William, Jr., a 100 per cent baby, and one was sent to Mrs. A. S. Conningham, whose baby girl was the first to receive the 100 per cent verdict. Judges are today determining what baby in the tenements will win the bed in the clothing exhibit.

Personally Mrs. Rath wishes to thank the medical and dental associations.

GUARDIAN GOES FISHING, CHILD RETURNS TO PARENT

From fishing in Hawaiian waters to sitting in a day court room seems so far a cry that people in the morning session of the juvenile court the other day were startled to hear Judge Whitney exclaim, "If you didn't catch any more fish than you did the time I was with you, I guess it wouldn't make much difference, anyway."

A middle-aged Hawaiian man, the object of the court's remarks, declared that he failed to remember ever having fished in company with the justice.

"I don't blame you for that, either," was the reply. "I shouldn't want to remember it if I were you."

These and other remarks gave the impression that it must have been pretty poor fishing on the day in question.

The incident arose in a hearing over the ownership of a little Hawaiian girl. The fisherman, having taken the child to raise, had afterward turned her over to the care of another on the grounds that he had to "go fishing."

At the conclusion of the hearing the court decided to give the little girl back to her father and mother, who were applying for her, no adoption papers ever having been secured by the fisherman.

LOAN BOARD TO CONSIDER SEWER EXTENSION BIDS

Bids for the extension of the Queen street sewer will be opened at a meeting of the Oahu Loan Fund Commission Friday morning. If Dr. J. S. B. Pratt, president of the Board of Health, replies to the commission's letter regarding the Nuuanu water supply before then that will be taken up by the commission. A report of Fred Kirchoff, the commission's engineer, on the condition of the dam and outlet of No. 4 reservoir is expected to be ready in time for submission to the commission Friday.

Secretary Mendiola said today that the delegates included eight from Hawaii, six from Maui and six from Kauai.

EDDIE HUTCHINSON OPENS GUITAR-UKULELE CLASSES

Eddie Hutchinson, well-known Honolulu boy and clever musician, opened today a studio in the Pantheon Building, Room 15, for instruction on the "steel" guitar and ukulele. The "steel" playing has rapidly become popular in Honolulu, and Hutchinson, who has often appeared with the Evans boys and others, is an adept at this style of playing as well as the more usual kinds. He already has about 15 pupils secured. Night classes may be arranged for.

ALLEGED DESTRUCTION OF FOODSTUFFS IN MEXICO CITY

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

CONVICTS PAY BILL FOR CONVICT FUNERAL

SAN RAFAEL, Cal.—Convict John Morrissey has had his last wish granted. He was not buried in the San Quentin prison cemetery. The prisoner was 36 years of age and was serving a sentence for burglary in San Francisco. He had been ill for months and had often declared that he did not wish to be buried "inside."

Following his death the convicts took up a collection and a local undertaker held the funeral from this city.

General Carranza has organized a banking committee of five to regulate Mexico's finances.

LOOKING FOR WORK

Everywhere men complain about work; even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard.

Rich blood, strong lungs and healthful digestion make work pleasurable in business, in school or even household, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.

HOWARD PROPERTY SELLS TO JOHN WATERHOUSE FOR \$100,000 CONSIDERATION

John Waterhouse has purchased, through the Bishop Trust Company, the handsome residence and property of Frank K. Howard at the head of Keeaumoku street for a consideration of \$100,000. The sale was completed last week, the trust company acting as agent for Mr. Howard, and it is believed that a higher figure was realized from the sale than from any like transaction in Hawaii.

The property which changed hands consists of the mansion and gardens, outbuildings and about six acres of land. Mr. Howard began the construction of the big home in 1906, importing many articles of furniture, besides paintings and statuary, for its furnishing. It is a typical Italian villa. Prior to the occupation of the home by Mr. Waterhouse and his family, alterations will be made for which J. H. Craig has been given the contract.

MEN'S BIBLE CLASS TO DISCUSS WEALTH

"Wealth" will be the subject of a lecture which Rev. A. A. Ebersole will deliver to the members of the Men's Bible Class at the Y. M. C. A. at 8:45 o'clock tomorrow evening. Following are some of the questions which will be presented: Ought there to be any such types in social life as the rich and the poor? Is the possession of wealth on any terms justifiable? Is poverty by any means eradicable? Is a social order just and rational which permits great accumulation of wealth in single hands? If not, shall not a new social order be established where the valleys of social life shall be exalted and its mountains and hills brought low? Is the rich man today worth what he costs? In a time when the majority have the power, but have not the wealth, is it not possible, either by legislation or revolution, greatly to restrict or hamper the accumulation and perpetuation of wealth?
